Embrace the Beauty of Outdoors

ArtZip Series

Seeking year-round protection from the blazing sun, gusty winds, or persistent pests? Consider adding outdoor blinds to your patio space, garden sanctuary, timber structure, or poolside cabana. Our weather-resistant sun-shielding fabric ensures you revel in outdoor comfort regardless of the elements. Plus, gain an added layer of privacy, all while preserving a pristine view of the outdoors.

Zip curtains provide a shading solution with their robust structure, stylish aesthetics, and practicality...

Our range of zip curtain models offers various operational methods, including both horizontal and vertical options, ensuring years of reliable service thanks to their high-quality motors...

Whether you require privacy or protection from adverse weather conditions, you can conveniently manage your outdoor curtains using either your remote control or a mobile app.

**DON'T LET
EXTERNAL
CONDITIONS
AFFECT YOUR
LIFE!**

Total privacy with stylish design...

SUN PROTECTION

With our Artzip series curtains, it's incredibly convenient to effortlessly control the shading with your remote, ensuring your home's windows or your workplace's glass and facade remain shielded from the sun's harsh rays.

You have the freedom to decide the extent of sunlight filtration with a range of fabric options offering varying levels of permeability.

PEST PROTECTION

Artzip fabrics effectively act as a barrier against pests like bees, flies, and insects.

By remotely closing your curtains, you can eliminate these nuisances and enjoy uninterrupted comfort.

WIND PROTECTION

With our advanced zipper technology, our curtains provide resistance to the wind at a speed of approximately 70 Km/h.

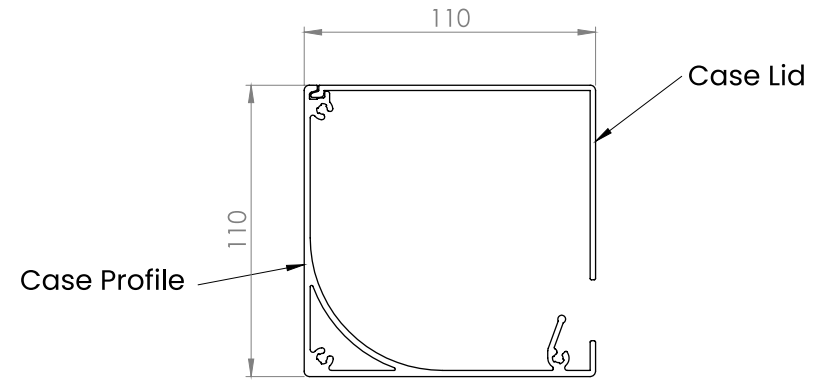

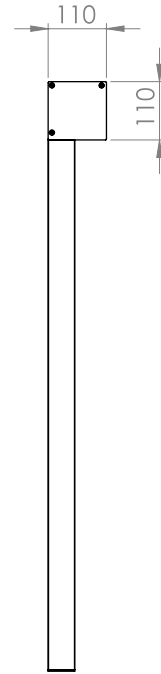

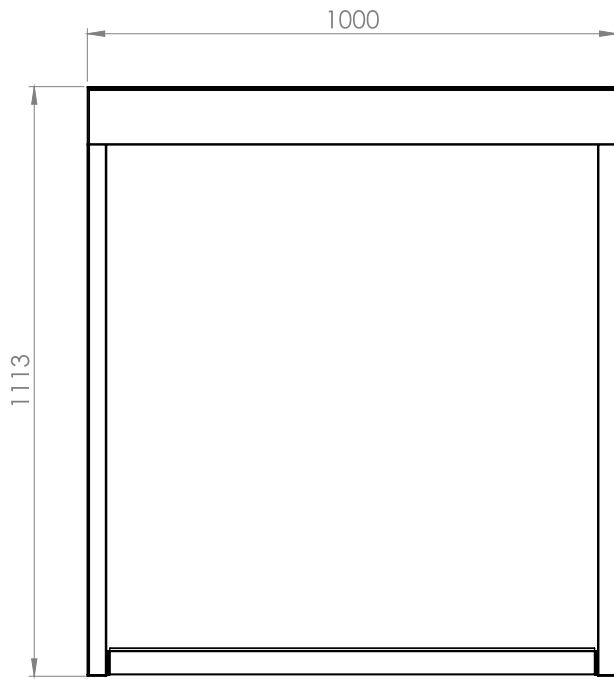

Our special fabrics breathe, but do not let the strong wind in and do not allow the pleasant moments of you and your loved ones to be spoiled.

Solar Energy Solutions...

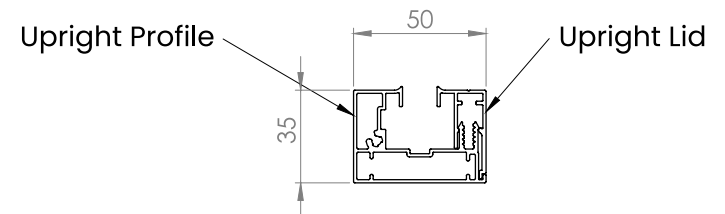

In situations where it's impractical to establish an electrical system or when you prioritize energy efficiency, you have the option to harness solar power. The Artzip series is equipped with solar panels and a high-efficiency motor, allowing you to utilize solar energy effectively.

SkyZip Series

Perfect Shading with Aesthetic Design

The SkyZip series offers impeccable shading solutions for various settings, whether it's a winter garden, glass ceiling, pergola, or regular ceiling.

The versatility of the SkyZip series makes it an ideal choice for achieving desired shading control with just a remote.

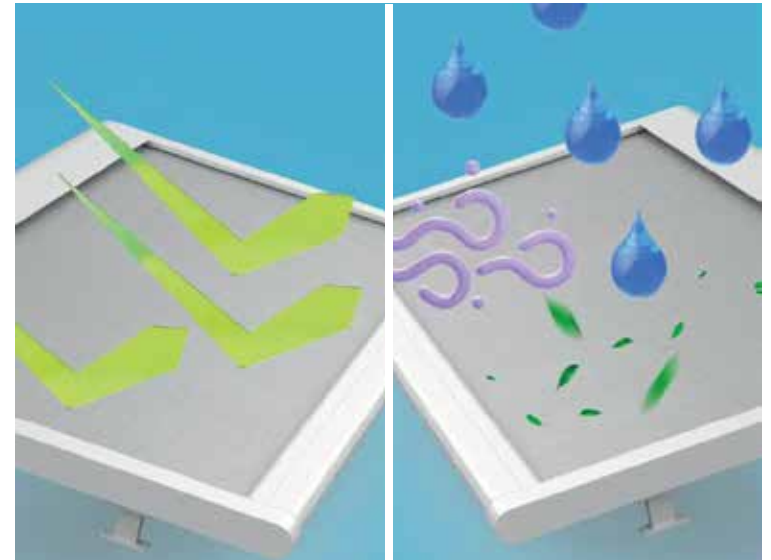

Thanks to its durable zippered structure, it boasts longevity while keeping maintenance costs to a minimum.

Enhance the aesthetics of your space with a selection of rich fabric and profile paint color options, ensuring a stylish addition to any environment.

Experience the Future of Shading

SUN PROTECTION

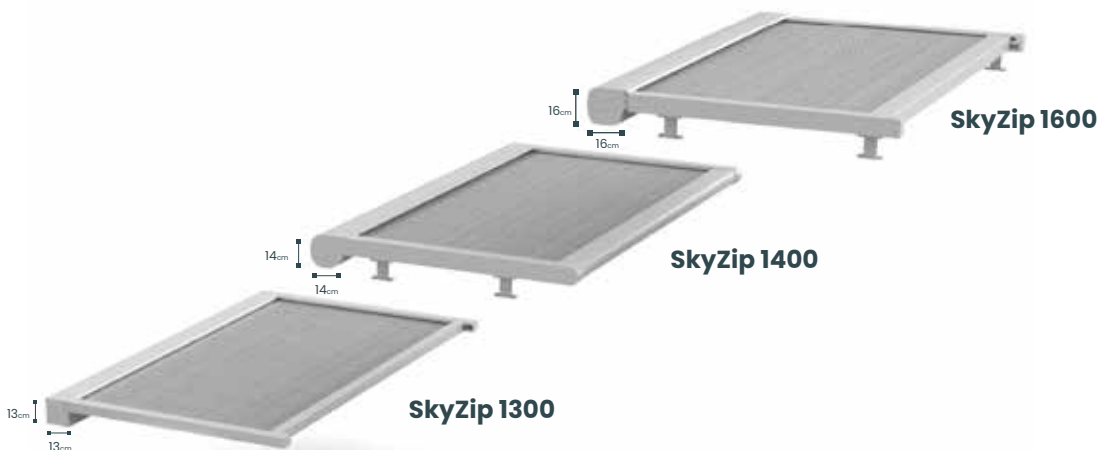

One of the standout features of the SkyZip series is its effortless sun protection. With just the push of a button on your remote control, you can shade any part of your home or workplace that has a ceiling, providing you with instant relief from the sun.

RAIN & WIND PROTECTION

The fabrics used in the SkyZip series are designed to withstand external weather conditions, making them waterproof and resilient. The zippered structure adds wind resistance to the equation, ensuring you stay shielded from elements like leaves and dust that you'd rather keep at bay.

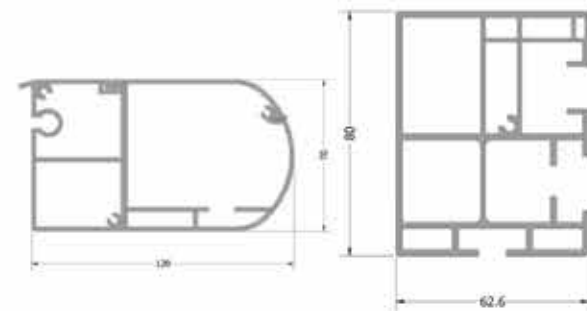

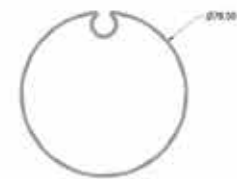

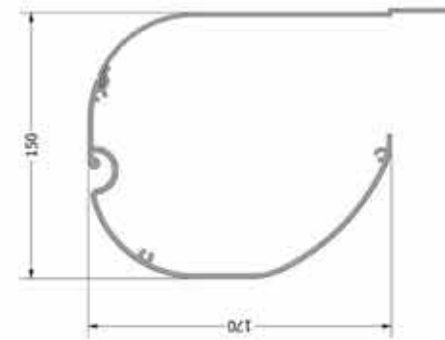

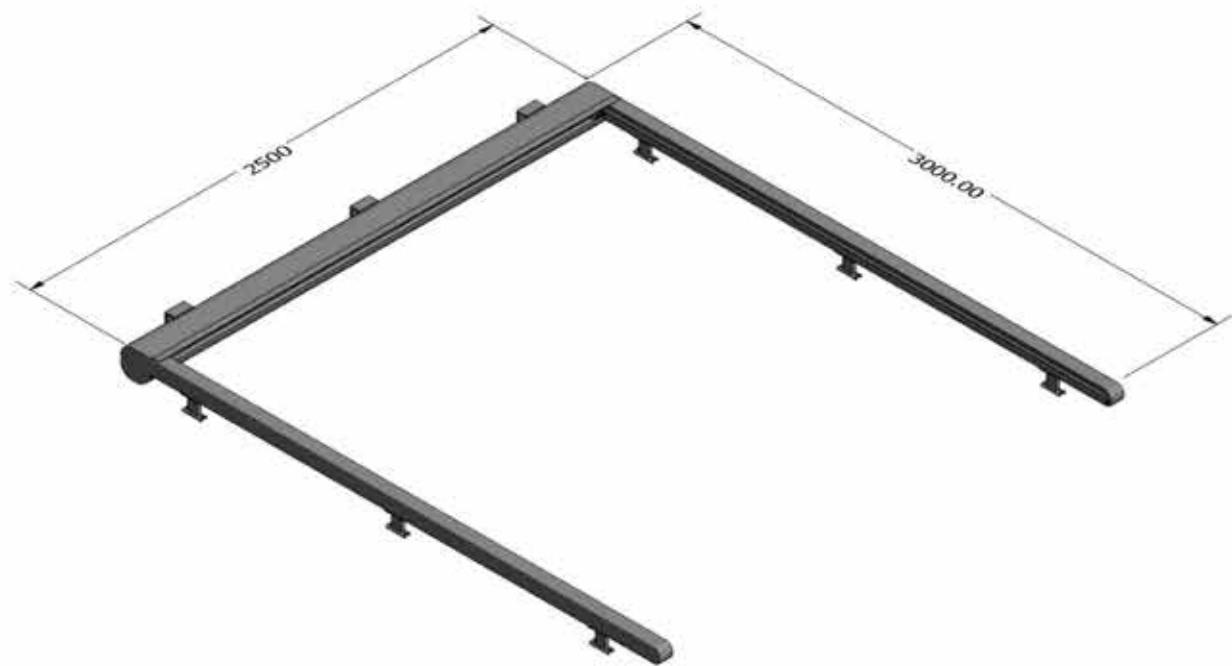

Elevate Your Environment with Roof Zip Blinds!

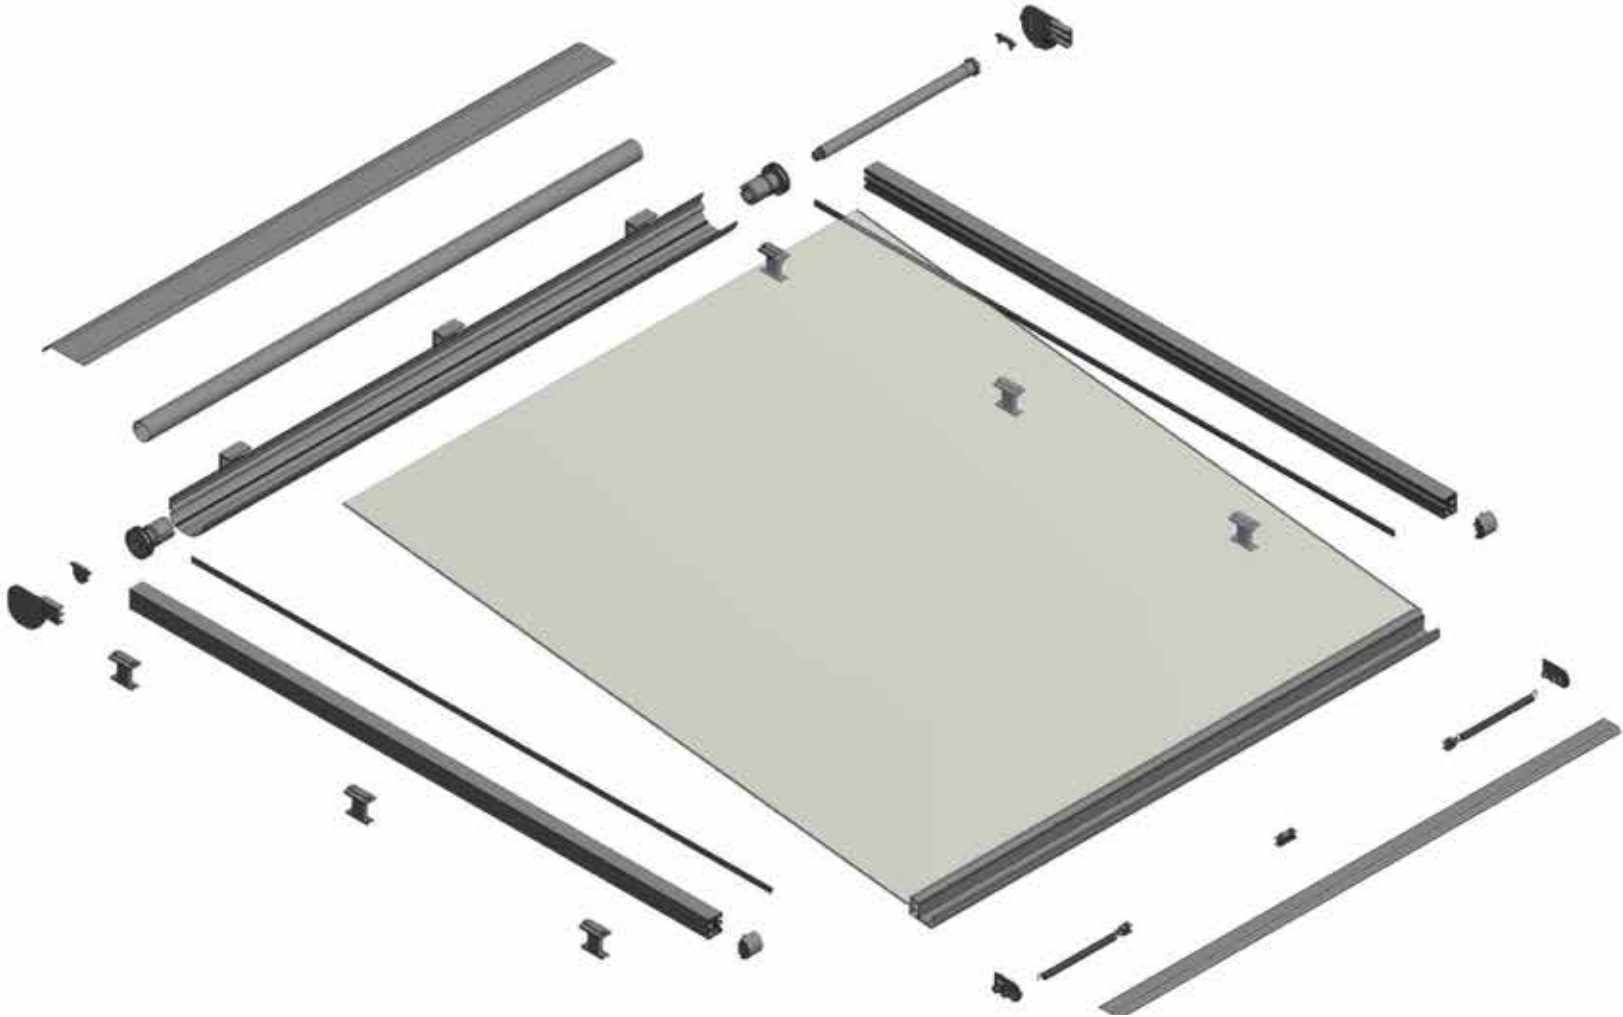

SkyZip Roof zip blind systems offer an innovative and stylish solution for controlling sunlight, providing shade, and protecting your space from various elements. With these blinds, you can enjoy a more comfortable and versatile living or working environment while adding a touch of sophistication to your space. Elevate your surroundings and enjoy the benefits of superior shading and climate control with our Roof Zip Blinds!
